Language	English, Chinese
Dimension	100cm*6cm*66cm
Packing weight	10/2030/ KGs
Warranty	12 months by Manufacturer
Contents of Package	Frame / Wall bracket / Manual / Remote

Features:

- 42 inch HD LED panel by Samsung/LG/AU - which supports 1920*1080 resolution playing

- Embed full HD media player: It can auto load/copy or self-update the media file, start and play/repeat your 1080P video and image in a looping slideshow. (support mpeg, vob,mp4, rmvb, mkv, avi.. more see chart below)

- Most of important, it comes with **Power Timer** and **Schedule of Play:** It will be automatically turn itself on and/or off at the time you set, allowing you schedule power on/off to play specific presentation which

includes videos/music/photos/rolling text/slideshow at specific time (period) of every day/week

day/weekend.

E.g. A custom presentation like 3 schedules for weekday and 2 for weekend:

1. Schedule for every day:

(a)   9:00 am ~ 11:00 am

The screens power on, loop slideshow with caption scrolling on the bottom of the screen.

(b) 11:00 pm ~ 2:00 pm

 Off for break .

(c) 3:00 pm ~ 5:00 pm

Playback hd video clips 1-3, slide photos 1-20. You can interrupt the regular schedule at any time to bring

your customer a special broadcast.

(d) 5:00 ~ next morning.

Auto power off at 5 PM and power on next morning and cycle the same presentation through the whole

day.

2. Schedule for weekday

(a) 9:30 am ~ 12:00 am

Start the presentation with some HD video clips to welcome your visitors and scrolling promotional

captions at the same time.

(b) 12:00 ~ 2:00 PM

Tea time, it's also the time for playback some branding video to promote your company.

(c) 2:00 am ~ 5:00 pm

Continue playback video6 ~ video10 and rolling text 2 and then shut down until next round.

3. Schedule for weekend:

 1. 9:00am - 11:30am to playback video clips 1

 2. 11:30am – 12:00pm to playback video clips, slide photo1-20

3. 12:00pm - 3:00pm to playback movie3 and rolling text 1

4. 3:00pm - 5:00pm to slide photo21-50 and rolling text 2

5. 6:00pm - 8:00pm to playback video clips 4 and rolling text 2

6. 9:00mm - 6:30am auto off for break and power on on schedule next day.

- Scrolling text/captions

- Interrupt the current/regular presentation with breaking news (video)

- Memory card reader -accept up to 32Gb SD memory card & USB2.0 flash drive.

- Metal housing: Tempered glass along with an aluminum design giving the frame a highly sophisticated look.

- Power failure memory: Play from the position that it last stopped

- Security lock - it help to prevent access to your content.

- An **Scheduler software** - it allows you to schedule the playback

- The menu system is reasonably intuitive and straightforward to use, giving you complete control over every aspect of the presentation.

- File support: approx 200.
